Reviews from Other Campers: 1) The following excerpts are from reviews found in the RVParkReviews web site: "...Nice, new park right on the water, and next to "The Fishing Hole" on the Homer Spit. Waterfront sites have picnic tables and a great view. ..." 2) And another review from RVParkReviews "...Wonderful park. Okay, it's just gravel and there are no picnic tables, but the view is unbeatable. It's also very windy. ... To keep out people who aren't staying at the campground, they have an attendant in the shower/laundry room and he hands out towels! Immaculate. Friendly and helpful staff. ... Activities on the Spit are within walking distance, although it's a bit of a hike. We camped here in a Motorhome."
