

Clear Creek Bankhead N. F.

Beautiful View: Lake and Mixed Forest

Campground is located in a mixed (oak, hickory and pine) forest on Lake Lewis Smith with many campsites having a view of the lake. **Best Sites:** Some sites are adjacent to the lake. Sites 39, 42, 43, 45, 46, 47, 49, 51, and 52 should have views of the lake. Confirm with campground personnel. **** See notes in the Introduction.**

Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, adjacent to Lake Lewis Smith with a nicely manicured grass understory, consists of four loops - Bear, Fox, Hoot Owl and Fawn. A thick mixture of deciduous and conifer trees provide good shade and privacy between campsites. Basketball, volleyball and horseshoe courts are located along the shore of lake in Fox Loop. Some sites are adjacent to the lake. Generally, campsites in the Fawn and Hoot Owl Loops have limited views of the lake, while campers in Fox Loop enjoy good views. Each campsite has a lantern pole. There is an interpretive program during the summer. A security gate is located at entrance to campground where ice is also located. This is a popular campground - reservations are recommended, especially during summer ...Parking aprons are paved...Lake Lewis Smith is 22,000 acres. Very large sandy beach..."

Alabama

Directions
