

Horsehead Lake

Ozark N. F.

Beautiful View: Lake and Deciduous Forest (Fall Colors)

Campground is located along Horsehead Lake in a mixed forest of hardwoods and evergreens providing excellent shade and fall foliage. **Best Sites:** This campground is situated so that most sites have views of the lake. ** See notes in the Introduction.

		Rate/max stay (days):	\$10/14		

Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground stretches along the banks of Horsehead Lake which is good for canoeing. The campsites are tucked under a scattering of mature hardwoods, such as maple and oak. The variety of hardwoods gives the campground an attractive Fall foliage and pleasant cooling shade. Lantern poles and stone terraces provide additional character. Each campsite has a view of the lake and many have a short adjacent spur for a car or boat trailer. A manicured grass understory offers poor privacy between campsites... The parking aprons are paved and all about same size...Horsehead Lake is 98 acres. Power boats limited to 10HP. A boat ramp, provided by the Arkansas Game and Fish Commission, is located before campground. The beach is large and grassy. Submerged objects in lake require caution..."
