**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...There are three loops - A through C. Campground is located on Ashurst Lake among some Ponderosa Juniper pines. There are lots of birds and waterfowl, Blue Heron, among others. Most sites overlook the lake with a view of the San Francisco Peaks. The understory is rocky and grass. Because of consistent winds, lake is excellent for wind surfing and Sunfish sailing...The parking aprons are gravel... Ashurst Lakes is 230 acres. Boat ramp at campground is in dis-repair. Use ramp on west side of the lake in the Ashurst campground. Excellent lake for wind surfing and Sunfish sailing. Power boats are limited to 8hp..."
