Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...One of five campgrounds in the Eagle Lake Recreation Area, this walk-in tent campground, features campsites with views of Eagle Lake, an all natural lake. The sites are scattered throughout campground in a stand of mixed conifers. Although the understory is pine needles, good separation between campsites provide fair to excellent privacy. Gallatin Beach with swim area is between campground and lake. Wheelbarrels are provided to help transfer personal articles between vehicle and campsite... Eagle Lake is 27,000 acres..."

California

Directions

From Susanville, CA go west on state highway 36 approx. 2 miles to county route A-1. Go northwest on A-1 about 12 miles to county route 231. Go east on 231 about 2 miles to campground.
