"...This park is one of nicest we have ever stayed in. The sites are level, huge and most face the Klamath river. There is green grass separating each site. ...The staff are very friendly. ..."

"...Amazingly beautiful site with generous concrete pads generously angled to almost parallel the river which is just 15-20 feet away. There is plenty of grass but no shade. Everything is new. Staff is very friendly ...Beautiful, generous riverfront sites make up for the other small issues..."
