Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, one of five in the Frenchman Lake Recreation Area, is one large loop on a hillside at south end of Frenchman Lake in a stand of Jeffrey pine. Almost every camp site has a view of lake. Although understory is minimal, mainly Sagebrush, the widely spaced sites provide good privacy...The parking aprons are paved...Frenchman Lake is 1,580 acres..."
