

French Meadows

Tahoe N. F.

Beautiful View: Reservoir, Mountains and Evergreen Forest

Campground is among stands of red fir and pine on the shore of French Meadows Reservoir. **Best Sites:** Some sites in each section have views of the reservoir and/or mountains. Per ranger district personnel, sites 49-54 and 19-23 have best views of the water. although there are mountains in the campground, trees often tend to block the view from individual camp sites - but because of low understory, you can still see the reservoir. **** See notes in the Introduction.**

		Rate/max stay (days):	\$18/14		

Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, on the northeastern shore of French Meadows Reservoir, has two sections - one for reservations and the other first come, first serve. A pleasant mixture of conifer trees provide ample shade to most camp sites. While both sections have camp sites with views of the reservoir, the first come, first serve section has more plus less challenging access to the water. It is also possible to moore boats at some camp sites. It is a long drive to this attractive campground but worth the effort...This is bear country; practice safe food storage techniques...The parking aprons are paved...French Meadows Reservoir is 1,430 acres. The boat ramp is 0.5 miles west of campground..."

California

Directions

In Foresthill, CA t urn right on Mosquito Ridge Road and travel 34 miles east to the French Meadow Reservoir. The campground is on the south shore.
