**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground is a single large loop wandering over a hillside next to Lake Pillsbury. Douglas fir and Poderosa pine with a lush understory of grass and fern, give this campground personality. More RV friendly than the other campgrounds around the lake, this campground also offers a number of duble campsites which can accommodate an RV and boat. Some campsites are on the lake shore. Limited groceries are available at Soda Creek Grocery - intersection of Rt. M1 and Soda Creek Rd...The parking aprons are paved...Lake Pillsbury is 2,280 acres and is used to generate power. Boat ramps are located next to Sunset Point and Fuller Grove campgrounds..."
