Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground is a single loop in Pinyon pines, juniper, yucca, cactus and a few Honey mesquite. Although the campground is sparsely shaded, widely spaced camp sites provide good privacy. About 1.9 miles east of campground, on State Rt. 74, is Cahuilla Tewanet vista. At this vista is a self-guided, paved trail about the Cahuilla Indians and the area. Branching off from this trail, is a trail leading into the Santa Rosa Wilderness...The parking aprons are dirt - some are eroded. The interior road is dirt and rough..."
