**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, located on the northern boundary of the Cache La Poudre Wilderness, straddles Cache La Poudre Wild and Scenic River with most camping sites alongside the river. The sounds of rushing water can be heard throughout the campground. Camping sites 7 through 12 are on a dead-end spur - RVs not permitted. Most tent sites are walk-ins and tucked in among young Aspen and a few Ponderosa pines. A few camping sites have a "V" shape relationship - good for family or small group gathering. Tents are permitted on hard surfaces only, not on grass...This is bear country; practice safe food storage techniques...The parking aprons are gravel..."
