Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground is a large loop in a thick grove of spruce trees. Most sites are pull-throughs that can accommodate large RVs. A convenient day trip is to Lands End Observatory, south of campground on Forest Rt. 100. A nearby lodge offers a cook's night out...This is bear country; practice safe food storage techniques. Mosquitos are plentiful; bring repellent...The parking aprons are gravel. The interior road is narrow..."

Colorado
