"...This park is absolutely beautiful. We had a pull in site facing the water which included a patio, dock and tiki hut with a wet bar. This is the largest site we have ever had. The tropical setting is really making it hard to go back home to the cold...."

"...It was sheer luck that we found this campsite, ... a very friendly lady ...escorted to a spacious drive in waterfront site which had its own jetty and Tiki hut, this place may be on the pricey side...if we ever get the chance to return to Florida keys we will definitely book this place and stay at any of the sites they offer, all sites are big, most offering waterfront sites, some sites are back from the water but have beautiful gardens surrounding the back. We camped here in a Motorhome. ..."
