

# Henderson Beach

## Henderson Beach. S.P.

### Beautiful View: Arid/Semi-Tropical Landscape

Henderson Beach State Park is in Destin, FL in a very commercial area; but the park is big enough and laid out so that you feel you are in a secluded area away from the hustle/bustle of the city. **Best Sites:** There are 4 loops (A-D) in this campground. All are within walking distance of the ocean but none have views of it. All sites are very attractively bordered by native flora. The layout of the campground was very well thought out and offers good to excellent privacy between sites. Sites 6, 11, 12, 16, 17, 18, 20, 22, 30, 31, 32, 33, 34, 35, 36, 38, 50, 52, and 58 are pull-thru sites. \*\*

**Reviews from Other Campers:** 1) We (**Camping With A View**) visited this campground on a day trip in late June 2006. Typical of other Florida State Park campgrounds, the campground is very well designed and maintained. All sites offer good to excellent privacy. Native flora borders 3 sides of most sites making for very attractive camp sites. Henderson Beach is a very beautiful white sand beach with crystal clear emerald/blue water. Unfortunately, none of the sites have views of the ocean; but all are within a short walking distance of it. It's unlikely that you will get a camp site at this popular campground without a reservation. 2) The following review is from **About.Com Campground Reviews** web site (<http://camping.about.com/od/campgroundreviews/>): "This is the cleanest campground we have ever stayed at. The sites are private with lush tropical plants and gravel parking. The boardwalk to the beach is within walking distance, and the bath/shower facilities are sparkling. The camp circle is also nice."
