**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground is a single loop on the west shore of Lake Cascade in a stand of pleasantly mixed conifers. Huckleberries are abundant and delicious in pancakes. Most camp sites are not on the shoreline but do have a view of the lake. The white sand beach provides a delightful area for long walks and bird watching opportunities, such as bald eagles, osprey and pelican...The parking aprons are gravel and dirt. Most parking aprons are the same size...Lake Cascade is 27,550 acres. It may be partially drawn down as summer progresses. Boat ramp available at Rainbow Point campground..."
