**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, pack it in, pack it out [whatever you take in you take out - garbage, etc.], wraps around Big Trinity Lake among Englemann spruce and other conifers. The lake's irregular shoreline and variety of vegetation makes it a pleasant, canoeable lake. The camp sites are tucked into the woods and most hug the shoreline. The campground features a crystal clear lake, magnificent views and great solitude (for many of the camp sites)...The water spigots are hand pumps..."
