Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground, pack it in, pack it out [whatever you take in you take out - garbage, etc.], is composed of two loops on the west bank of Hazard Lake. Lodgepole pine and Englemann spruce provide shade to most camp sites. Most of the camp sites have a pleasant view of the lake and some are adjacent to it. The far shore of the campground was devastated by fire. This is a tranquil campground far from the crowds. There are numerous lakes to explore nearby...The parking aprons are dirt...Hazard Lake is 125 acres..."
