"...Great campground with oceanview. Good location to visit Acadia National Park. From our site on top of the hill we had a beautiful view of the ocean. The sites closer to the ocean seemed a little closer together than ours. Owner very nice and helpful..."

"...We stayed on one of their eight premium oceanfront sites, and in terms of spectacular views, it was the best site we have ever had...and we have had some nice ones. Great view, ocean breeze and buoy bell ringing through the night. Sites not designated as premium oceanfront will have views...however slight...but all are close to the ocean and benefit from the great breezes. Although the sites are fairly close, they are not as packed in as many private campgrounds..."
