"...This place is one of the nicest places we have stayed all year. The staff were exceptionally friendly and helpful. ... We had a beautiful "waterfront" view site with tidal views. ..."

"...We stayed all the way down the hill, right by the tidal basin, in spot 82. The the campground is maintained extremely well. ...The view is beautiful and there is a nice hiking trail close to this site, that goes around an island just offshore. Larger sites are up the hill on a flat treeless area and full hookups but no view. We will be staying there again. We camped here in a Motorhome. ..."
