		Reservations:	877-444-6777		
		Rate/max stay (days):	\$16/14		

Reviews from Other Campers: 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...This picturesque campground is a single loop in a stand of Red pines and a mixture of young hardwoods. The understory is manicured grass and the dense middlestory provides excellent privacy between campsites. Located on a peninsula surrounded by the Little Cut Foot Sioux Lake, Big Cut Foot Sioux Lake, and First River, the camp sites are either adjacent to water or have a view of water. The campground is a short distance from Lake Winnibigoshish and many other lakes. The Cut Foot Sioux Area with its non-motorized trails and good loon, osprey and bald eagle viewing opportunities, is also nearby...This is bear country; practice safe food storage techniques...The parking aprons are grass and gravel... Excellent canoeing campground. Boat ramp is 0.25 miles south of campground. Boats can be moored along shoreline near some campsites..."
