"...This was a great campground. Our site (#67/ across from the water) was very easy in/out and level. It may not be the best site for a long motor home or fifth wheel, but it was perfect for us. We really liked being able to choose our own site! ..."

"...Love this place. We have stayed before and as usual it's perfect, only wish we could go more. ... We stayed on a harbor front site. ..."

"...This is a beautiful park, right on the water. When we first came in the owners made us feel extremely welcome. They sent us out in a golf cart to look at the park and pick which site we wanted. We chose a waterfront site, very wide, with hookups on both sides and a deck/dock overlooking the harbor. ...There are nice docks to walk out over the water. ... We camped here in a Motorhome. ..."
