**Reviews from Other Campers:** 1) The following excerpts are from a campground description found in the "U.S. National Forest Campground Guide" web site (<http://www.forestcamping.com/index.htm>) : "...The campground is at the edge of meadow with sites tucked into the treeline. Lodgepole pines and Aspen provide shade and privacy for widely spaced sites. The campground is convenient to the South Fork Trail (#182) trailhead, which accesses the Cloud Peak Wilderness and a network of trails. There are dispersed sites for camping along Forest Rt. 20...The parking aprons are dirt and gravel..."
